PARIS, Jan. 30.—The Duke of Orleans has decided to attend the funeral of Queen Victoria. The Duke's decision is interesting, in view of his association with the artist who caricatured Queen Victoria in a most insulting manner, which resulted in the Duke being ostracized in England.**THE HEAVY WORK:**BY THE NEW ASSOCIATED PRESS—P.M.I
LONDON, Jan. 30.—The Duke of Wellington, the elaborate military details of the London procession will prevent the Duke from proceeding to Paris before this Thursday evening. Some idea of the extent of labor involved will be gained from the fact that the Duke's suite will be so constructed by the War Office as to provide breakfast and dinner for 25,000 troops.

The heavy diet, however, will have been probably settled, as already stated. It is understood that the military and naval escort will precede the Duke, and that he will not come the headquarters staff of the army, the foreign military attaches and various military bands, and that the King of Spain, King Edward VII, King William, Emperor William and King Charles of Portugal, the royal ambassador, representatives of foreign states, mounted carriages with the Princes, and then the remainder of the military escort. All the troops will march with reversed arms.

LONDON, Jan. 30.—[By Atlantic Cable.] King Carol I of Portugal, with his suite, arrived at Dover at 9 o'clock this morning, having received a royal salute and military honors. The party boarded a train for London. They were accompanied from Dover by Portuguese Minister, Sador Pinto de Oliveira, and his staff. They reached Victoria station at noon.

King Charles of Scotland, the Prince of Wales, the Duke of Cambridge and various officials of King Edward's household. His Majesty's equerry delivered all antecedents, money, from King Edward, and the latter and his suite were at once driven in royal carriages to Buckingham Palace. King Charles was warmly greeted by the King and Queen, who gathered along the route in anticipation of his arrival. There was no military escort.

King Edward visited the King of Portugal shortly afterward, and subsequently proceeded to Osborne. Large assemblies everywhere showed that the King and the greetings were very enthusiastic.

During the morning King Edward, accompanied by the Privy Council, the business transacted was of a formal character. The King signed a proclamation suspending punishment for rebels in the United Kingdom. The evening will be so complete that even the restaurants and saloons will be closed for the day.

Some of the afternoon newspapers will not be published Saturday.

The King of Greece, the Duke of Sparta and the Grand Duke of Baden, were received at Victoria station at 5 o'clock. They were received by Prince Charles of Denmark and the members of the King's suite, who were present to pay their respects to Marlborough House.

The Spanish battleship *Pelayo*, Spain's first ship, is commanded by Capt. Don Monroy, is to be welcomed at the Christopher Columbus' last battle of Santiago.

The United States military attaché to the King, Edward, will be in the procession with the headquarters staff.

LONDON, Jan. 30.—[By Atlantic Cable.] Lord Rosebery attended a special meeting today of the Royal Scottish Corporation, called in London, to pass resolutions expressing sorrow at the death of Queen Victoria, and of Queen Alexandra, and other members of the royal family will be distributed over the royal yachts *Osborne* and *Victoria and Albert*.

Lord Rosebery, remarking that he would pass lightly over the congratulatory words of the programme, said His Majesty's speech to the Privy Council meeting yesterday indicated clearly which he intended his reign should be governed, thus promising to make no less illustrious than that of his namesake.

Lord Rosebery then dwelt in eloquent terms on the life and death of the Queen, and the Queen and Mount Royal seconded the resolutions.

ANTHONY (Kan.), Jan. 30.—Mrs. Nation was outside here today when a band of W. C. T. U. women, headed by Mrs. Sheriff of Danville, Kan., completely wrecked the fixtures of four "joints," smashing plate glass windows and mirrors and turning gallon after gallon of liquor over the streets.

The women, who were of the best families in Anthony, were accompanied by their husbands, sons or brothers, who assured protection. No arrests were made, and the band will start out tomorrow on a tour of destruction through the state.

The crusade started by Dr. Gamble was prepared for the bar before entering the ministry.

MOVEMENT TO RESUBMIT.BY THE NEW ASSOCIATED PRESS—P.M.I
WICHITA (Kan.), Jan. 30.—At a special meeting business men held here tonight, a suggestion was made that may solve the problem of how to meet the crusade started by Mrs. Nation.

The suggestion is to open a committee against the prohibitory law and to apply to the legislature now, in session, to resubmit the prohibition amendment to a vote of the people.

The liquor dealers here have received telephone messages from Flare tonight stating that there was not an open saloon in town at sunset.

Mrs. Sheriff came to Anthony late yesterday and worked all night procuring hatchets and other implements of destruction and it was 3 o'clock this morning before she had perfected her work. The band then began taking the saloon-keepers and the town officials by surprise. As a sequel to the raid, a number of young men and boys were sent to the saloon and the crusaders came into the saloons and during the excitement secured a quantity of liquor.

COFFEYVILLE (Kan.), Jan. 30.—Every "joint" in Coffeyville county is closed today as a result of the recent raid on the city by Mrs. Carrie Nation.

For a time the whole town was in uproar, and it was feared that personal violence would result.

The saloon-keepers, who were of the worst sort, were scattered about the city, and the police force was on the alert to prevent trouble.

Cambridgeport W.C.T.U., we deplore exceedingly the attitude of the Kansas nation and crusade to eradicate the methods adopted for the suppression of saloons in those sections. We feel that Mrs. Carrie Nation and others have done much for the welfare of the citizens of the work, and have deserved the badge of our allegiance, which stands for purity and peace, white as Christ's garment, and pure as the teachings of Him whom we serve.

VINELAND (N. J.), Jan. 30.—Rev. Dr. John Ward Gamble, pastor of the First Methodist Episcopal Church here, endorsed and applauded the drastic methods adopted by Mrs. Carrie Nation in her crusade against the saloons. He said that in his opinion before a large majority of the most prominent women of Vineland last night Dr. Gamble even advised the women to "smash" all the unlicensed saloons or "speakeasies" in Vineland, if the authorities failed to do it.

Dr. Gamble said that the laws of Kansas prohibit saloons, this woman was the example of Christ as he is present in what she does, and that the crusade was right.

Dr. Gamble said that the women, who are members of the church, were well educated, and that Dr. Gamble was prepared for the bar before entering the ministry.

DIRECT WIRE TO THE TIMES.

CHICAGO, Jan. 30.—[Exclusive Dispatch.] J. A. Stagg, Jr., 18 months old, has already begun his career as an athlete. His first public appearance before the world was made today, when the physical director of the University of Chicago exhibited the young man's prowess before the class track candidates. Young Stagg did a turn on horizontal bars, horizontal ladder and running track, and those who witnessed the performance were greatly pleased at his skill and the way he showed great ability, handling himself with an easy grace delightful to see.

The child did a "chinning" act on the horizontal bar, being able to pull himself up several inches at a word from his father. He also did a handstand, and traveled hand-over-hand with but little assistance. The final scene in the act was a foot race between father and son on the gymnasium track.

Young Stagg's child has been training for some time, and the exhibition is not his first essay at the apparatus, by any means. Pulling chest weights is another form of infant amusement. Mr. Stagg is president of the Basketball League, which is representative of Chicago, and holds the tennis championship among the women players of that institution.

JEFFRIES-BERLIN TRIAL.

WILL BE HEARD TODAY.

CINCINNATI, Jan. 30.—The trial of both Jeffries and Ruhlin, who were arrested Monday last, charged with having been in the plot to violate the State law, will come up before Squire Roebling tomorrow afternoon. The coming examination is of the utmost importance, because, should Squire Roebling after a hearing find the two guilty, they would be given a prize fight, his judgment would have any possible arrest on a similar charge.

Both pugilists went through their usual training today. They took long walks in the park, and devoted the afternoon to indoor exercises. Jeffries' nose is much improved, and the champion expects no serious results.

CINCINNATI, Jan. 30.—Ten youths with "Denver Ed" Martin, Ruhlin's sparring partner, before the Jeffries-Ruhlin trial, have been taken and immediately went into training near the Latonia racetrack.

It is said that over \$100 worth of men were disposed of today. The Chamber Club's declaration that no contest should be declared off all money to be refunded, has stimulated the sale.

BIKE REFORMS.

PROBABLE CHANGES IN RULES.

BY THE NEW ASSOCIATED PRESS.—M.J.

NEW YORK, Jan. 30.—At an annual meeting of the National Racing Association to be held in this city next Tuesday, some important changes in the racing rules will be submitted for adoption. The introduction of motor racing has made a change in the riding of standard middle-distance racers, and it will be proposed to rule that the pacing machines will not fit the new conditions. Eikes, McDuffie, and Michael have suggested to the association, and the chances are that several amendments will be made. These ideas were well received, as they are the best pace followers in the country, and the proposal to pedal right through the finish line will probably be adopted. When the pace is perfectly still, his sole idea being to shorten the pace follower from the normal public, likely to settle the race without going down to the pace follower. These men say that under the proposed change a good ride can be had in the first half mile, and that a second-rate man will appear at his true worth.

Several changes are also contemplated, such as a revision of the rules for the national championships. It is the effort of the association and the better class of riders to do away with the amateur, and to make the race as fast as possible. If the new rule is adopted there will be only two men left in the national championships. Prints. Four are to be run, and the best four quality. This plan will be followed, using semi-finals until only two are left in the semi-finals. Then the race will work itself out in the final, and the best men ought to win every time.

INTERNATIONAL CRICKET.

NOTES FROM THE FIELD.

PHILADELPHIA, Jan. 30.—The International Cricket Committee has written to W. Horace Brown, a prominent English amateur cricketer, inviting him to bring a team of English amateurs to the United States, about the middle of February.

It is known that Mr. Horace Brown's ambition is to bring a team to the United States, and it is expected that this will be a large competition of players, who have already gathered in "Brix" at Oxford and Cambridge, and we hope the good fortune to secure that honor during the coming winter.

Should the committee secure definite information to this effect, it is more than likely that the American team will be arranged for the visitors with a representative eleven of the American national team, of the best players—Harvard, Princeton, and Penn, of Pennsylvania, as well as games with the Harvard team in Boston, New York and Baltimore.

is devoted to athletics and the general tone is commendatory.

President Eliot said in part: "The American University has conducted its graduate and undergraduate work in a reputable manner. Harvard University has had its full share of the difficulties, but it has at last found a way to a satisfactory constitution for a committee to regulate athletic sports."

AT FIRST GLANCE.

It Would Appear That Local Remedies Would Be Best for Cure of Catarrh.

It would seem at first glance that catarrh being a disease of the mucous membrane, that salves, sprays, etc., being applied directly to the membrane, the most rational treatment, but this has been proven not to be true.

The mucous membrane is made and repaired from the blood and catarrh is a blood disease and any remedy to make a permanent cure must act on the blood, and when the blood is purified from the poison, the secretion of the mucous membrane will become natural and healthy.

In this climate, thousands of people are suffered from the blood and catarrh is made and repaired from the blood and catarrh is a blood disease and any remedy to make a permanent cure must act on the blood, and when the blood is purified from the poison, the secretion of the mucous membrane will become natural and healthy.

Catarrh cures are almost as numerous as catarrh sufferers, but are nearly all so inconvenient and ineffective as to render them a nuisance nearly as annoying as catarrh itself. Anyone who uses salves, sprays, etc., will be witness to their inconvenience and failure to really cure.

There are a number of excellent internal remedies for catarrh, but probably the best and certainly the safest is a new remedy, composed of Eucaalyptol, Hydroaloe, Balsam of Peru, and other specific ingredients.

This remedy is in tablet form, pleasant to eat and sold by druggists under the name of Stuart's Catarrh Tablets, and anyone suffering from catarrh may use these tablets with absolute safety, that they contain no cocaine, opiate, nor any poisonous mineral whatever.

A leading druggist in Albany, speaking of catarrh cures, says: "I have sold various catarrh cures for years, but have never sold any which gave such general satisfaction as Stuart's Catarrh Tablets." The tablets are in a pleasant, concentrated form all the best and latest catarrh remedies, and catarrh sufferers who have used douches, sprays and salves, have been astonished at the quick relief and permanent results obtained after the use of Stuart's Catarrh Tablets." All druggists sell full-sized packages for fifty cents.

Yesterday's Report and Forecast.

U. S. WEATHER BUREAU, Los Angeles, Jan. 30.—(Reported by George E. Franklin, Los Angeles.)—The weather was fair yesterday, temperature registered 50.4 at 5 p.m. 1918. The thermometer for the corresponding hours showed a drop of 1.4 degrees. Wind, 5 m.p.h., northeast, velocity 4 miles; 5 p.m., west, velocity 2 miles. Barometer 30.02. Pressure 1010. Minimum, 45 deg. Barometer refused to act.

Weather Conditions.—A cold wave is passing through from the Northwest. Weather prevails from the North Pacific slope to the Mountain Valley. The temperature is below normal in the Valley, but above normal above in the Upper Mountain Valley. There has been a general fall in temperature in California, except on the coast from San Francisco north.

Recorded forecast for Los Angeles yesterday: Fair, bright and clear. Thunder, cool night.

SAN FRANCISCO, Jan. 30.—Weather conditions were favorable for the first time since the middle of December. Maximum temperature, 50 deg.; minimum, 45 deg.

There was rapid change during the past twenty-four hours in Utah, Nevada and Northern Arizona. It is beginning to fall over the mountains, but the cold air is still too far north to affect the lower elevations.

There was a general fall in temperature in the West Coast. Generally pleasant weather prevails over the greater portion of the Pacific Coast. Generally pleasant weather prevails over the country west of the Rocky Mountains.

Forecast made at San Francisco for thirty hours ending at midnight, January 31:

Southern California: Fair; light frost in the west. Thunder, morning; light northerly wind.

Arizona: Fair, Thursday.

San Francisco and vicinity: Fair, Thursday, mostly cloudy at night, and probably rain; light northerly wind.

Sacramento and vicinity: Fair, Thursday, mostly cloudy at night, and probably rain; light northerly wind.

Portland made at San Francisco for thirty hours ending at midnight, January 31:

Seattle: Fair; light frost in the west. Thunder, morning; light northerly wind.

Portland: Fair, Thursday morning; light northerly wind.

TIMELY SIGNS OF BUSINESS PROGRESS.

The classified "Liner" advertising department of The Times has come to be regarded as a very good index—a fairly correct barometer—of business conditions in Los Angeles.

Three recent issues of the Sunday Times have shown a greater number of "Liner" advertisements, as well as a larger volume, than any three previous issues in the history of the paper. The "Liner" record is as follows:

Sunday, November 25, 1896..... 2421
Sunday, December 3, 1896..... 2000
Sunday, January 27, 1897..... 2200

The volume of this class of popular advertising amounted, on the days named, to from \$4 to \$54 column, beating the record; while the entire volume of advertising, including both classified and display, printed by The Times on each of the days named reached 149 columns, 203 columns, and 216 columns, respectively, an unprecedented record for a daily newspaper, whether published at home or abroad, in the West or in the East, in the greatest metropolis of the land, or in any city of the Pacific Coast.

The figures quoted bear out that other proud, proved and remarkable record made by this journal, viz., the printing during the first six months of 1896, of a larger volume of paid advertising matter than any other daily newspaper in the United States. We have the authentic record to exhibit to any person interested.

In the matter of circulation, there was an increase, last Sunday, of 1500 copies over the previous Sunday; the total issue on that day having been 22,700 copies. The paper consisted of five parts (forty full pages) and the regular Illustrated Sunday Magazine (thirty-two half-size pages).

The Times has local imitators, but no competitors.

A HAWAIIAN ACHIEVEMENT.

A—the chief of the section of foreign markets of the Agricultural Department at Washington, in his annual report, calls attention to the marvelous development of our commerce in the century just closed.

One hundred years ago the value of all exports and imports of the country, which twenty-five years before had become one of the family of nations, was \$2,700,000,000. Last year the value of the goods imported and exported was \$22,300,000,000. It is pointed out that the increase was greatest in exports, being forty times greater in value in 1896 than in 1800, while the imports increased only ten times in the century.

There is another fact having an important bearing on our industries shown in the commerce of the year just past. The imports of agricultural products last year were 49 per cent. of the total imports in value. These products of foreign soil were brought here as raw material, mostly to be used in factories and mills. Hides, silk and wool were the chief items. The value of this class of imports was \$120,126,351, or \$65,000,000 more than in any previous year. To the products classed as leading ones, if there are added vegetable fibers, sugar and tobacco, a sum of \$60,000,000 to \$10,000,000 is reached for these lines alone.

But this is not all. The total value of absolutely raw material of all kinds amounts to the enormous sum of \$275,000,000. Add to this the value of material partially manufactured, but meant for use in our factories, and the total value is \$360,000,000. This is nearly 45 per cent. of the value of all the goods imported into the country during the year.

The increase in material wholly manufactured, over that of 1895, in value is almost \$10,000,000. Compared with 1895, the increase is more than \$10,000,000, and over 1894, \$115,000.

It is stated that Teale has really invented something this time, in the way

of an electric light that diffuses itself so as not to hurt the eye. The world would be glad to congratulate Mr. Teale if he finally demonstrates the fact that he really is a great inventor.

Prof. Garner is alive, after all, and is hard at work studying the language of the monkeys. What a pity the poor gentleman sees fit to bury himself away down among the simians of Africa, where he could find such a rich field right here in Central Park.

Prof. Garner's friends cabled to ask if he needed funds, and were answered "Yes." Evidently Prof. Garner has gone far enough in his intimacy with the Human race to let it go. Is it possible the monkeys know the great American game?

So Mrs. Nation is to be given a medal! They probably figured that she would keep on till she got it anyway, however, would be surprised to give it to her before she captured it with the aid of her good spear and battle hatchet.

A man in Waukesha county, Pa., now owns the barn in which he once slept while a tramp. In California the tramps own the whole premises as soon as they get inside the gate—at least they act as though it were.

We have it from an eminent spook authority that a special griddle is being heated down below in preparation for the arrival of the diabolical captain who is still doing politics and has forgotten that the campaign is over.

Shall the American public be buncoed into giving Miss Olga Nethersole another tidal wave of free advertising? She is a second-rate actress, but she should be allowed to play the old thing without making such a row this time.

Still the news comes in of oil strikes and miners' strikes. Dear eastern mother, you who affect to believe that there is nothing here but climate, mind the news from the oil fields and ponder some.

Mr. Bryan's paper, if reports are true, is something of a "unique" newspaper; for whoever heard of a newspaper with six pages editorial-written mostly by one man?

And now the saloon-smashing fad is spreading. Suppose it becomes epidemic, like the grip! The price of beer will bob up like a cat from a hot stove.

A Boston, Mass., butcher found in a woman's stomach all the running gear of an ordinary-sized mantel clock. The animal certainly "had weaks."

Mr. Neely has arrived in Cuba; but there is no report of any joyful tears having been shed over the event on either side.

Oh, the pointers Napoleon might act were he only alive and allowed to hang around the "Ivy Hall for a few days!"

The man that started in to smash all the saloons in Chicago, evidently imagines that he is going to live forever.

Kansas Woodmen of the World are now talking seriously of abandoning the ax under their emblem.

"Vaccination parties" are the latest social fad in Chicago. They must be decidedly swell affairs.

EVENTS IN SOCIETY.

Major and Mrs. John Hubert Norton entertained delightfully with a dinner yesterday evening at their home, No. 834 West Twenty-eighth street. The dining-room decorations were beautiful and artistic. The table was covered with purple satin and Battenburg lace. In the center was an immense mound of violets arranged on an oval-shaped mirror, and the headboard was decorated with the corners of the table. The place cards were of round purple cardboards, decorated with ballet girls and finished with green and purple ribbons. At each place was a corsage bouquet for the ladies and boutonnieres for the gentlemen. Between courses the guests were entertained with music and dancing. Between courses the men enjoyed themselves with cards and checkers.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

The Fire Commission will probably reappoint Ira J. Francis as City Electrician next Monday.

The Bowen franchise bill, with the recommendations of local bodies, has been referred to the Senate.

Richard Pierce, charged with criminal assault for having taken a shot at his wife's lover, Romeo Brown, is out on his own recognizance, and the chances are in his favor that he will never be tried.

Andrew Curtiss was discharged in the criminal court yesterday.

Alphonso Mohan is being sued by six brothers and sisters over his mother's property.

A. H. Townsend and wife of Garvanza, who allege that they were nearly killed by two men in February, 1898, told their woes to Judge Shaw on appeal yesterday.

J. O. Johnson was arraigned in the police court yesterday on charge of robbing his friend Wyatt of \$200 and intimidating him by threats against his life.

(AT THE CITY HALL.)

FRANCIS MAY BE CITY ELECTRICIAN.

WIRE COMMISSION WILL DECIDE THE PROBLEM.

On the Full Tide of Civil Service Reform Now Rampant at the City Hall, the Incumbent May Be Returned to Office.

It was his prayer-meeting day at the City Hall yesterday. After the hasty and hectic that characterized the first two days of the week, the quiet that prevailed in the offices and corridors was most pronounced.

Councilman Pierce, alone of all the legislators above whom had the popular wave of indignation, was most successful in his evidence.

Of the unsettled questions the one that excites the most interest is the appointment of a City Electrician. This has been the least of all the troubles that have confronted former Councilman Francis, but he held his position for six years, and now before the Council he has only question or stir about his appointment. This time the subject has been brought up in many caucuses, but the Council has never been able to agree upon any person for the position.

President Bowen and some of the other Councilmen have chided Mr. Francis because they believe that property would be jeopardized if a new and inexperienced man were placed in so responsible a position.

Recent events have had no little to do with bringing members of the Council to this view. The antagonistic and somewhat unscrupulous position it has assumed in a responsible position in the fire department has awakened a wholesome respect for public opinion in the Council, and it is shown that members most conclusively that the property interests of the city must not be trifled with.

It was the original intention of the Council to pass an ordinance allowing them to make the nomination direct, but when, at the request of the Mayor, it was voted to refer the bill to the special session on Tuesday, the Council forewore another agitation if it attempted to be the "wise thing" and so the bill was referred to the Fire Commission. As far as could be learned last night there has been no change in the programme adopted.

If left unhampered by Council domination, it is said the Fire Commission will follow out its valuable civil service work, and Francis.

The Mayor is determined to make a careful examination of the ordinance creating the Department of Electricity and Water, and if its provisions more stringent. As the ordinance stands, it provides that the City Electrician shall be responsible for all electrical apparatus and shall have charge of the city's electrical apparatus and all wiring done within the city.

FIGHT FOR FRANCHISE.

BOWEN'S BILL INDORSED.

The fight of the Traction Company to secure additional franchises has been transferred to the State Legislature. There the first skirmish will occur in the Committee on Municipal Corporations.

A copy of what has come to be known at the City Hall as the Bowen Franchise Bill was forwarded to Chairman E. C. White by the City Clerk last night with the recommendation of the Council that it be passed. At the meeting of the Board of the Chamber of Commerce yesterday afternoon, a resolution was adopted favoring the bill and calling upon the Legislature to pass it. The Manufacturers' Association has already informed a similar bill.

Frank J. Thomas, attorney for the manufacturers, was in town last night. He will have supervision of the bill. It has been promised by Senator Fred M. Smith that the bill will not be introduced until Monday. By that time representatives of the property interests will be on the ground to supplement Mr. Thomas's efforts to get the bill through.

WHITE A Collector.

As a sequel to the charge that have been made in the Council appointments C. E. White, who was Mast Inspector for a few days, will remain in the City Hall until his election to the County Council. The Tax Collector stated yesterday that such might be the outcome. He said that White was appointed to the Mast Inspector position and prior to the November election had filed a petition with him.

Mr. Silver Again About.

After a protracted period of ill health, Herman Silver is again about. He was created by his friends at the City Hall yesterday.

ORDINANCE RETURNED.

The ordinance regarding the appointment of policemen was returned to the City Clerk yesterday by the Mayor at the request of the Police Court. At the next meeting the Police Court clerks will be included in its provisions.

Richard Pierce, a negro blacker than the inside of an infidel, was in the criminal court yesterday to have his case, involving a charge of assault to commit murder, set down for trial, and the matter was continued until Monday.

Richard Pierce was arraigned in the police court yesterday on charge of robbing his friend Wyatt of \$200 and intimidating him by threats against his life.

J. R. Clark will commence drilling a short distance northwest of the Loma Vista Oil Company in a few days. A first-class rig is already on the ground.

No. 6 of the Wild Oil Company is now on the pump and is producing oil at a very satisfactory rate.

Arrangements are being made to begin work within a week.

The Goldsmith well, north of the Loma Vista, is still going down. As far as can be determined, the hole has not yet been to the bottom, which is about 500 feet.

The deepest well on the Loma Vista property.

Stockholders in the Union Jack Oil Company will have until February 5 in which to pay the assessment recently levied, or the company will extend the time.

The company's second well has been drilled 300 feet.

A large number of tickets have been sold for the affair, and it will be one of the events of the season.

WORKING FOR DESERT OIL.

With the exception of the trade in globe stock the sales on the local exchange yesterday were again without feature.

Globe opened in the morning at 1 cent below the call, the call closed for the day at 1 cent.

Reed Crude made a gain of 1 cent and closed half a point to the good.

Woolverton Crude made a small weakness, and found a market for the day at a decline of 1 cent.

During the day there were exchanged about 100 barrels of oil stock, for which was paid \$212.50.

The transactions were as follows:

Festivities of the State Normal School Graduates.

A big audience filled assembly hall at the State Normal School last night, to witness the class-day exercises of the winter graduating class.

The class motto was: "Not what know, but what is," and the colors were white and blue. There was no elaborate scheme of decoration to accentuate the class colors, but some of the ladies wore black satin bows surmounted by large crimson pomponettes, while a fringe of pomponettes formed the decoration across the thoughts.

(THE CLASS COLOR).

The class consisted of thirteen thirty-three ladies and 664 gentlemen:

Mabel L. Adams, Rosalie Adams, Mrs. Blanchette Allen, Mrs. Mary Allen, Josephine Baker, Cora Boquet, Nellie Brown, Mrs. Brownell, Anna Clegg, Laura Collins, Grace Doss, Edna Eden, Mrs. De Grace Ellsworth, Sue Fifeburn, Lena Franklin, Sue Goodrich, Anna Goss, Anna Haines, Dorothy Holmes, Stella Hornbeck, June Luttrell, May McGill, Frank Merrill, Florence Newell, White Painter, Mabel Patterson, Miss Peck, Miss Peacock, Mrs. Kate D. Polana, Nellie Randall, Anna Rafto, Jacintha Smith, Guy Stuart,

Grace Stuart, Isabel Travis, Lora Verrill, Forest Whitaker, Gertrude White.

The class officers are: President, Ellis M. Redmond; vice-president, May Miller; treasurer, Bonnie Travis; secretary, Edith Miller.

LAST NIGHT'S FROLIC.

The first number was a song by the Glee Club, which the audience made an ineffectual effort to encore.

The feature of the evening's program was the singing of "A General Under Difficulties" by John Kendrick Bangs. The cast of characters was as follows:

Ladies—Dorothy Andrews, May Alice, Jessie, Emily Abbott, Bob Yardsley, Guy Stewart, Jack Barlow, Forest Whitaker.

The characters were well taken, and the situation was comical. A young man, two young fellows aspiring to the hand of Miss Dorothy Andrews, Yardsley, in his desire to present his case well, was so nervous that he forgot the name of the unconscious presence of Jennie, the maid, who accepted the honor in her own behalf, and afterward caused the young man to make a hasty retreat to the door. Yardsley makes a "clean

breast" of the whole matter, and of course wins his lady love.

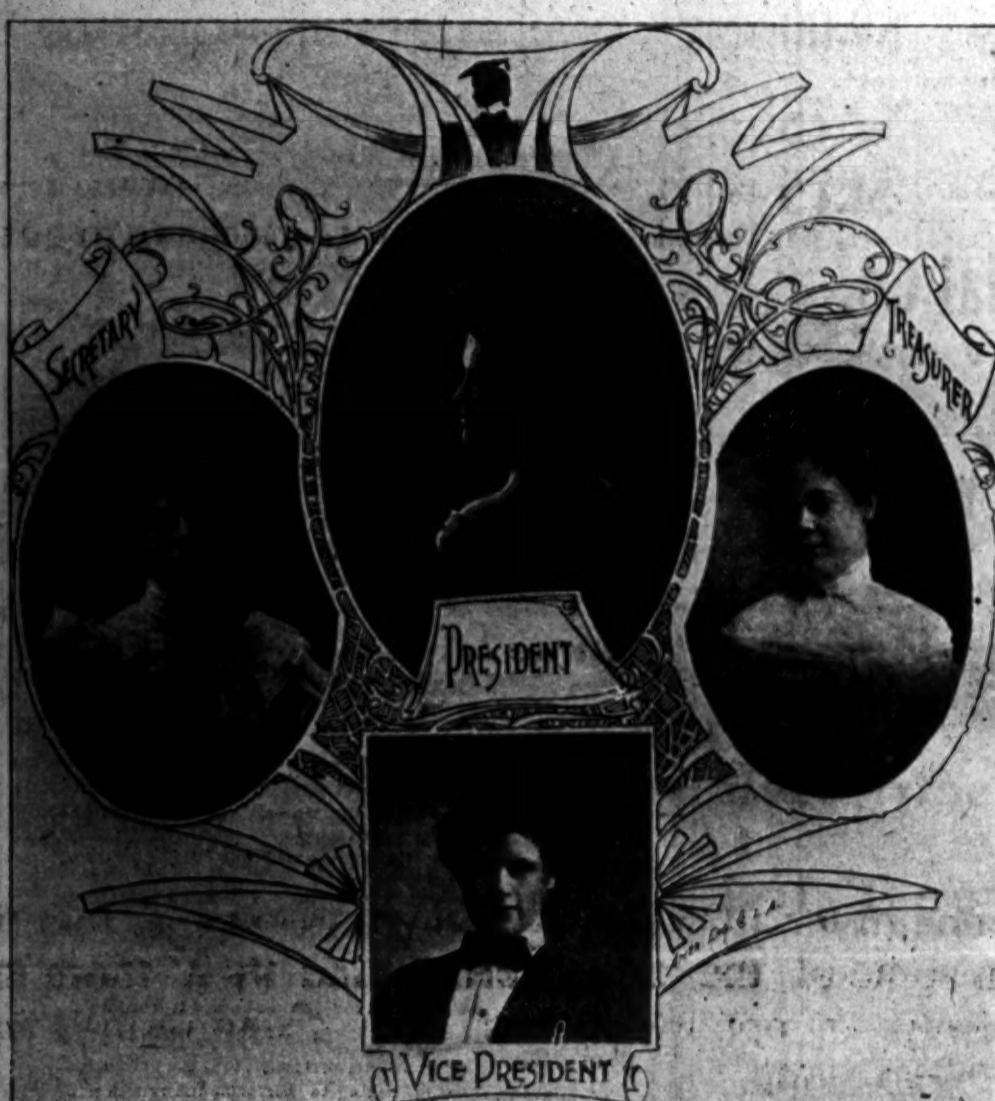

JOSEPHINE THE AUDIENCE.

The "Class Josh" was well sung and well received. The young ladies in many cases bowed and filed presents from the platform and took their seats in the audience. They sat still for several minutes, waiting for the next number, but were stampeded by a man getting up in the center of the floor and on his coat. Then everybody laughed and hustled for the door.

THE DIPLOMAS.

The presentation of the diplomas will take place at the regular session of the school this morning. The only visit from the outside world will be an address to the class by County Superintendent Strine, and the presentation of the diploma by President of the State Normal School.

Tonight the class expects a sweet time in the gymnasium—they will have a taffy pull. Then they will take a day to rest, and close the week with a class party in the gymnasium Saturday evening.

THE GRAND JURY AND THE SHERIFF.

WITH it thoroughly fixed in their minds that the Sheriff of Los Angeles county is making too much money from feeding the prisoners in the County Jail at 2½ cents a meal, the members of the grand jury are still considering what recommendations they should make in the premises and wondering if the county couldn't better feed its locked-up criminals without the services of a cook.

This, of course, would require the services of a tall cook, or steward, but his wages would be nominal, and perhaps the cost per meal might be reduced to 9 or 10 cents—unless the Sheriff should reduce the use of any restaurant, in which case his expenses would be materially increased.

As the matter stands now, however, the Sheriff is at liberty to consider the difference between what it costs him to feed 500 men per month, and 12½ cents for each man taken up—on other words, one of the perquisites of the office.

From this one source alone, the Sheriff can hardly make less than \$1000 a year. If there be any fine print in the sheriff's day bill, he may still be considering what recommendations they should make in the premises and wondering if the county couldn't better feed its locked-up criminals without the services of a cook.

An easy estimate would thus put his total income at \$1000 per year, but a more exact figure would raise it above that figure.

A few years ago the Sheriff drew 25 cents per meal for feeding the prisoners.

Nevertheless, the Sheriff's job is far from a snap. It might seem all roses, but thorns prick through that the public never sees.

When criminal escape, the expense of recapture comes out of the Sheriff's pocket, and often a reward, besides, is the attraction of the management of the team in the big league, and after much competition, Cincinnati secured his services by buying his release for \$1500, and he was up to the signing of a contract with Manager Mulligan.

He is considered to be one of the stars of the big league, and is, without question, the best throwing infielder in the business.

The captain of the new Los Angeles team has been secured in the person of Harry Steinfeldt, the National League star of the Cincinnati club.

his leadership Los Angeles would be able to more than hold its own.

Harry is a native of St. Louis, Mo., and is 22 years old.

His entry into business in this city with his brother, made it possible for the local management to afford him a salary of \$1500 a month, and he becomes personally liable.

Only recently a judgment for \$1500 was rendered against ex-Sheriff Burr for \$1500, who also had other judgments against him by reason of official acts, and he is still in jail.

To protect himself the Sheriff must,

therefore, employ his own attorney, and \$500 a year would be a small retainer for the services of an attorney for ten years after going out of office.

Then it costs any officer something to get elected! It may be \$500 or \$1000 to the sheriff of this large county, prevent it. The wily politician does his deadly work long before the nominating convention.

The campaign expenses, after election, are but once in office and then the official becomes the butt of charity seekers: those who must have money to buy him off, and others who, for the sick wives and children, visit him in trouble, help fathers out of debt; besides a thousand and one other calls from persons who, like the Sheriff, have left the country or go to bankruptcy) and he becomes personally liable.

THE CITY IN BRIEF.

AT THE THEATERS.
LOS ANGELES.—The Services of Satan.
OPHEUM—A Stranger in a Strange Land.

NEWS AND BUSINESS.

Victoria Memorial.

The committee on decoration for the memorial services of Her late Majesty Queen Victoria requests that floral tributes be confined as nearly as possible to the stage and platform. They will be delivered at the Auditorium by 10 o'clock a.m. Saturday, with cards. Sadus is needed.

Society.

The parishioners of Christ Episcopal Church will hold their annual meeting this evening at Elks Hall, in honor of the rector, Rev. Dr. George Thomas Dowling, and new members of the parish. The entertainment will include a short musical programme and light refreshments.

Wings End.

Charles Kingsbury, a sprightly wagon driver, laid hold of the business end of a mule yesterday and landed in the mud. He was unable to extricate himself by the tail to steady it while another man was clipping the beast. The hoof that struck his right knee about a week ago will disfigure him for several days.

Meeting Attacked.

The Executive Committee of the Illinois Association met yesterday afternoon in room 20, Bryson Block, and adjourned to the hall of the old meeting which is to be held February 11 Lincoln day. The Programme Committee reported that some excellent services had been secured for the meeting. Major General Harbridge will be the principal speaker.

Who is It?

An Associated Press telegram from San Francisco last night stated that a man who said his name was John Smith had come to the city to a large number of credits to animals, and that a message had been received from Los Angeles stating that his real name is John Blackburn, and that he is wanted here on a charge of mail robbery. The Los Angeles police say they know nothing about the case or the man.

Pioneer Attorney Buried.

The remains of the late Andrew Cimino were laid away in Rosedale Cemetery yesterday. Services were held at the residence, No. 22 Buena Vista street, conducted by Rev. W. H. Taylor, and the pallbearers were Rev. W. H. Helm, C. F. McNutt, Rev. A. M. Stephens, Rev. Herman W. Helm, Alfred R. Chappell.

Child-study Meeting.

The Child Study Circle had a large-attended meeting at the Thirteenth-street school yesterday afternoon. Professor Frank J. Goss, president of the society of one generation, held that the object of the circle is to educate the next. Miss Lee gave a piano solo. Miss Goss spoke on "The Child," and Miss Cass read a paper on "Discipline" from the parents' standpoint. Miss Kate Perry, who is a member of the society, made a report. Child-study meetings will be held at the Garvanza school and at the 11th and 12th Street school Tuesday and Seventh and Olive-street schools Wednesday.

Treasury Official.

Edwin L. Wade, an assistant in the office of the Comptroller of the Treasury, was through the city yesterday, on his way back to San Diego, after a week spent at San Diego, whence he had been sent to assist in the investigation of the robbery of the Consolidated National Bank. Mr. Wade is a cousin of the Wade brothers, ministers of this city and stopped here a few hours en route. He was en route to Sacramento, during the latter's incumbency as Secretary of the Interior. Subsequently he became a member of the Treasury Department as an assistant to Comptroller Egan, and has been retained in the service under Comptroller Tamm. Prior to embarking on his tour, Mr. Wade, editor of the Mason (Ga.) Daily News.

REVIEWS.

Pictures.—Beginning with February 15 and continuing for several weeks, The Times will distribute with each number a small but beautiful reproduction of the famous Tennessee theater's models. By making a syndicate arrangement with several large eastern papers, The Times will be enabled to procure a high-class work of art to present it without extra charge to readers. The Times and other eastern papers have been putting out as a Sunday supplement, colored colored etchings for several months past, but nothing so far as we know, by The Times and the other newspapers in the syndicate has heretofore been issued as a supplement by any newspaper in the country. However, the date when the first picture will be a feature of the paper and procure the whole series.

Bethelites.—The Good Samaritan department of the Bethelian Benevolent Board solicits new and used clothing of all kinds; shoes, beds, bedding and furniture. Also food supplies, broken food from hotels and restaurants, food left over from banquets, dinners, etc., fruits and vegetables. Everything will be carefully distributed among the needy. Send to Vigilant Deaconess street, or call Mr. Tom John, for any person wanting man, woman or boy for work. Los Angeles Military Academy begins its second term Feb. 1. Elective courses of instruction are given, including French, German, Spanish and manual training, without extra charge. Classes begin Saturday and Monday, February 3. See card in educational column.

Palm Memorial Meeting.—An excellent literary and musical programme will be given at the Palm Memorial meeting in Elk's Hall, tonight. The singing section (20 voices) of the German Turn Verein, will be one of the attractions. Admission free.

Although the Times' business office is open day and night, year in and year out, when it is not possible to telephone, you can telephone them at any hour of the day or night at the standard "time rate, 1 cent per word per insertion."

C. Smythe, manager A. L. Bryan Music Co., will leave immediately for Denver on a two-months' trip. The sample room, Mr. Bryan's Block, will be open daily as usual.

Harmonist.—Meet and dance at Harmonist Hall Saturday, 8 p.m. The ladies bringing bunches and baskets treat short musical entertainment before sale.

Prof. Webb will open a class in Italian violin cello, February 4, 10 a.m. No. 49½ South Broadway. The Times Job Office is equipped to do machine composition, 15 cents a sheet.

For time of arrival and departure of Santa Fe trains, see "Time Card" in today's Times.

Norris E. Hammond, physician and surgeon, 1029 and 1030 Spring Street.

Miss S. M. Herold, facial esthetician, 1625 S. Hope, Bldg. 114.

Mariborough School for Girls; second term will begin Thursday, January

31. Seats engaged must be claimed at once.

Whitney Trunk Factory, 422 S. Spring.

The Los Angeles Camera Club will meet this evening.

Fred Caldwell of No. 625 Stevenson

will repair your watch and chain that never watch and a gold chain were stolen from his room.

Thomas Germann, an ice man, nearly lost his fingers yesterday by the weight of a large block of ice that fell down upon it. He was given surgical treatment at the Receiving Hospital.

Henry Mayhew, a Pasadena plumber, was severely injured when he was working at Second street and Grand avenue, the animal sinking its teeth in his leg. The world was drawn to the Receiving Hospital.

There are undelivered telegrams at the Western Union telegraph office for Frank P. Wear, Joseph E. Blackshaw, W. H. Gandy, W. H. Gandy, Gandy, A. W. Stewart, Stewart McClure, A. A. Huber and May McCorry.

ARMY OF THE POTOMAC.

Gen. E. S. Otis Toasts Our Army and Navy at the Annual Banquet of the Western Society.

(BY THE NEW ASSOCIATED PRESS.—A. M. CIRCA 1865.—The Western Society of the Army of the Potomac held its annual banquet at the Sherman House last night. Nearly one hundred and fifty members were present, in spite of the inclement weather.

Capt. Bradley Dean, president of the society, addressed the audience in a patriotic nature, dealing with the services rendered by the Army of the Potomac during the Civil War and the results of their efforts.

Two-score of years that have elapsed since the Army of the Potomac first

met in the field.

Major Gen. Ewell S. Otis toasted "The Army and Navy." As to the army, he pointed out that American soldiers were to be appointed by European nations. In the time of the Civil War, the American mounted infantry was an object of scorn to European military critics.

Gen. Otis said that the Americans introduced it into their military system in their struggle with the Boers.

"As to the navy, Gen. Otis said: 'I am not in the navy but good.'

He always worked in harmony and concord with the army. Each has always respected the other. When the history of the war will write in the future, he believed, the American navy would rank with any that had preceded it for what it had done in the late war.

As to the navy, Gen. Otis said:

"I am not in the navy but good."
